## 3140: Probation - Office of Probation

December 16, 2019

The Oneida County Probation Department's mission is to advance a balanced triad of agency goals, namely that of ensuring community protection, providing clientele accountability and enabling offenders to become competent and productive citizens. The "balanced and restorative justice" approach is intended to provide quality, cost-effective services to our stakeholders within the guidelines of State and local statutes and judicial mandates. The Department embraces the philosophy that the community, victim and offender should receive balanced attention and in turn should gain tangible benefits from their interactions with the probation department and justice system as a whole.

## 3141: Probation - Domicile Restriction Program

December 16, 2019

The Domicile Restriction program is an alternative sentencing program that supports and encourages the use of periods of electronically monitoring of non-violent offenders in their own homes as an alternative to incarceration. It is also utilized to track sex offenders and those convicted of domestic violence offenses. The program is implemented as a "special condition" of probation or as a conditional discharge from the court, pursuant to Article 13-A of the New York State Executive Law. The Probation Department installs and monitors the electronic equipment and maintains personal contact with the offender. In turn the department reports the offenders' program compliance or violations to the court. In cases of non-compliance the court can revoke the "special condition" of domicile restriction and replace same with a period of incarceration.

## 3142: Probation - PINS Diversion Program

December 16, 2019

The Persons in Need of Supervision (PINS) Adjustment Services Program is an intervention and treatment initiative that is jointly coordinated by the Oneida County Department of Social Services and the Probation Department. Its intent is designed specifically to divert, from Family Court, youth under the age of eighteen that have been persistently incorrigible at home or in school (and/or) are habitually truant from school. In addition, it is intended to prevent disruption of the families served, to prevent foster care and institutional placements of adjudicated youth and to maximize the chances for troubled youth to remain with their families with an array of closely monitored community based adjustment services. The program is authorized under section 735 of the NYS Family Court Act and section 243A of the NYS Executive Law.

December 16, 2019

A commissary is provided at the Correctional Facility to hold inmates' funds while they are incarcerated and to allow inmates to purchase goods that are not provided by the facility. The Oneida County Veterans Service Agency exists primarily to assist our veteran population, and their dependents, in obtaining eligible benefits from the U.S. Department of Veterans Affairs, earned through military service to their country. These benefits include, but are not limited to, Disability Compensation and Pension, Education and Training, Home Loans and Loan Guaranty Services, Vocational Rehabilitation, Insurance Services, Burial and VA Cemeteries, and Healthcare Benefits. A further function of the Veterans' Service Agency is to reach out to our county's veterans through public relations, community involvement and by initiating and implementing activities that will encourage them to access those benefits that they have so courageously earned.

## 8110: G - Water Poll Control - Administration

December 16, 2019

The Department of Water Quality and Water Pollution Control is responsible for the administration, operation, and maintenance of a 48-million gallon-a-day advanced secondary wastewater treatment facility and 35-mile interceptor system which treats all domestic and industrial wastewater for a 15 municipality part-county sewer district of approximately 125,000 people. A comprehensive pretreatment program serves our industrial customers and prevents any hazardous waste from entering the system. The Department increasingly participates in the abatement of community-wide environmental concerns such as treatment of landfill leachates, super fund sites, non-hazardous wastes, hauled septic wastes, response to oil, chemical and hazardous waste spills, groundwater remediation efforts, and response to individual community sewage problems and environmental impact studies.
