TRAINING BULLETIN

Conducting Live Fire Evolutions

The purpose and intent of this course is to provide the student with basic understanding of the requirements of NFPA 1403 Standard on Live Fire Training Evolutions. It is intended that the student be provided with an introduction to the necessary knowledge and tools to properly prepare and conduct live fire-training evolutions. This program provides an in-depth analysis of NFPA 1403, addressing evolutions at traditional county or town training centers, gas fired training buildings and exterior props, vehicle fires and acquired structures and exterior class B fires.

The course consists of 3 hours of training presented on as follows:

Location: Westmoreland Fire Department

Dates: February 27, 2017

All evening classes begin at 6:30 P.M.

Prerequisites: Basic Firefighter or Firefighting Essentials and Intermediate , Firefighter and Live Fire Safety Training (01-05-0030)

Pre-registration is required.
