TRAINING BULLETIN

Fireground Strategy and Tactics for Initial Arriving Companies

This course prepares fire officers to act as the leader of a company or as an initial incident commander. Students receive instruction in both fire and non-fire emergency operations. Instruction is provided in fundamental fireground concepts and areas of previous instruction are built upon and expanded. An emphasis on risk versus benefit analysis while conducting operations can be found throughout the program.

The course consists of training presented on as follows:

LOCATION: Maynard

DATES: March 2, 7, 9, 14, 16

Class starts at 6:30 pm on Weeknights

Pre-registration is required.
