

ONEIDA COUNTY

Office of the Fire Coordinator

TRAINING BULLETIN

ICS - 300

The complexity of incident management, coupled with the growing need for multiagency and multi-functional involvement on incidents, has increased the need for a single standard incident management system that can be utilized by all emergency response agencies. Use of the Incident Command System (ICS) by both public safety and private sector organizations continues to increase across the country. The ICS is designed to be used for all applications, fires, (wild land and structural), hazardous materials incidents, law enforcement operations, search and rescue operations, air, ground and water accidents, mass casualty incidents, natural disasters and planned events.

LOCATION: NYS Preparedness Training Center

DATES: March 6, 8, 13, 14, 20, 21

Start time is 6:00 PM

Prerequisites: ICS 200 only

Pre-registration is required.
