800 Park Avenue Utica, New York 13501

What's Inside:

- ◆ Oneida County Records
- ◆ How to locate birth, marriage and death records
- ◆ Genealogical Information

Updated: September 2017

RECORDS

One of the duties of the Oneida County Clerk is to serve as the Records Management Officer (RMO) for the county. As RMO, the Clerk is responsible for the storage and maintenance of the County's historical information. The Records Department of the Oneida County Clerk's Office has a vast number of historical resources.

The most commonly accessed public records are stored in the County Office Building in downtown Utica, on the 5th floor in the County Clerk's Office. Older documents can be found in the Records room located on B1 in the County Office Building and at the Regional Records Center in Westmoreland. The Westmoreland facility provides a central storage location that is equipped to handle the large volume of documents in the Clerk's care and also to ensure their continued preservation.

Many records housed in the Office of the County Clerk are public records. This means that any person is free to browse through them at any point during our normal working hours of operation. These public records include: mortgages, deeds, civil actions, criminal files, Board of Legislators records, and many other types of records the County of Oneida has accumulated since its inception. Naturalization records are located on the 6th floor of the Oneida County Office Building. We also have a number of closed records that, due to the passing of time, are now open to the public.

VITAL STATISTICS

In NYS the County Clerk's Office **IS NOT RESPONSIBLE** for vital records. To obtain birth, death, or marriage records, contact the clerk of the town or city where the birth, death, or marriage occurred. For example, birth certificates for persons born at St. Luke's Hospital *after* May 1957 are housed with the New Hartford Town Clerk. Birth certificates for persons born at St. Elizabeth's Hospital and St. Luke's *before* May 1957 are housed with the Utica Department of Vital Records at Utica City Hall.

You may also obtain records through the New York State Bureau of Vital Statistics. They can be reached by calling (855) 322-1022 or by visiting their website at www.health.state.ny.us.

Surrogate Court (copies of wills)

Oneida County Office Building • Utica (315) 266-4550 #2

GENEALOGY

Although the records center does not house Vital Records, many of our resources are useful in compiling genealogies. For other resources, you may wish to visit the Utica Public Library which is just a few blocks from the County Office Building.

A large collection of DAR records are at the History Center.

The internet is also a good place to look for genealogy information.

Two sites you may wish to visit are:

www.dar.org/library and www.familysearch.org
