WAYS & MEANS

Honorable Members:

The Oneida County Board of Legislators designated January 1 through January 31, 2010 as "Open Enrollment" for farm-land owners in Oneida County, pursuant to an amendment by New York State to the Agriculture and Markets Law. This "open enrollment" period allowed the opportunity for landowner inclusion in an agricultural district, without waiting till the traditional review period of a district.

I have received the attached documentation after the Oneida County Agricultural and Farmland Protection Board's review found 51 landowners owning 5,231 acres to be in accordance with the qualifications for inclusion within an agricultural district. This figure includes properties currently enrolled in agricultural districts where there was a change in ownership or a change in parcel boundaries. Without these properties, the total number of acres added is 4,330.5.

I hereby submit the attached packet of information for final approval of the "Open Enrollment" period and respectfully request that this be considered by the Agriculture & Rural Development Committee, and subsequently by Ways & Means and the full Board at the meeting of **May 11, 2011**, thereafter being submitted to the State for final approval.

Respectfully submitted,

GERALD J. FIORINI,
CHAIRMAN OF THE BOARD

**ONEIDA COUNTY FARMLAND PROTECTION BOARD REPORT
OPEN ENROLLMENT ADDITIONS TO EXISTING AGRICULTURAL DISTRICTS
APRIL 2011**

I. INTRODUCTION

Oneida County established January 1, 2010 – January 31, 2011 as the Open Enrollment Period for Agricultural Districts. A public hearing was held on March 30, 2011. This report reflects the recommendations of the Oneida County Farmland Protection Board.

II. DISCUSSION

A total of 51 landowners, owning 5,231 acres* of farmland expressed a desire to be within an agricultural district by submitting an Agricultural District Enrollment Form to the Agricultural and Farmland Protection Board. These landowners, together with the specific parcels and acreages to be enrolled in the modified district, are shown on the attached list. In addition to the new properties added, there were a few instances where property changed ownership and the new owner decided to re-enroll the properties into the agricultural district. There were also a few instances where parcel boundaries changed due to subdivisions. Individual parcel maps were created for the parcels previously not within an agricultural district. Maps were also created for those parcels where changes in ownership occurred and also where parcel boundaries changed. All of the maps are included in the package of materials.

III. FINDINGS MADE BY THE ONEIDA COUNTY AGRICULTURAL AND FARMLAND PROTECTION BOARD

The Oneida County Agricultural and Farmland Protection Board reviewed all of the applications and parcels on an individual basis and found all of them to be in accordance with the qualifications for inclusion within an agricultural district.

IV. RECOMMENDATION

The Oneida County Agricultural and Farmland Protection Board recommends that the 51 landowners and 5,231 acres* of farmland shown on the attached list be incorporated into the existing, corresponding agricultural districts. It is further recommended that the Oneida County Board of Legislators forward the list of properties and landowners to the NYS Commissioner of Agriculture and Markets for approval and certification.

* These figures include properties currently enrolled in agricultural districts where there was a change in ownership or a change in parcel boundaries. Without these properties the total number of acres added is 4330.5

Our office would be able to terminate this agreement by providing Kinney Drugs with a 30-day written notification. Dear County Executive Picente,

A minimum of two (2) bridge reconstruction projects will begin and be completed in the summer of 2011. Since 2000, Oneida has contracted for Construction Inspection services for County funded bridge rehabilitation / replacement projects. The primary objective is to insure compliance with construction plans and specifications. As a result, quality and completion times have noticeably improved.

Proposals were solicited and received from Consultants interested in providing Construction Inspection services. Payment for this type of service is typically made on a time and materials basis. Therefore, proposals were based on hourly rates and contracts would be structured with hourly rates and not-to-exceed fees.

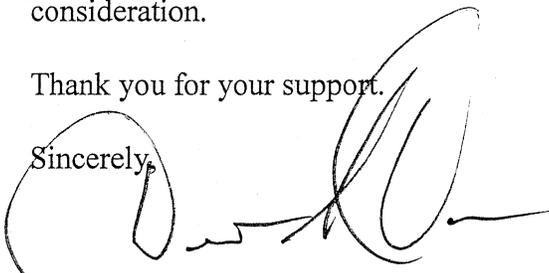

On February 16, 2011 the Oneida County Board of Acquisition and Contract accepted a proposal from C&S Engineers for an estimated not to exceed fee of \$103,104.00 for the following bridge reconstruction projects.

BIN 3310820, Sanger Hill Road Bridge over Oriskany Creek, Town of Marshall
BIN 2206360, Tannery Road Bridge over Canada Creek, City of Rome

Please consider the enclosed is a contract with C&S Engineers for the above mentioned services. If acceptable, please forward to the Oneida County Board of Legislators for further consideration.

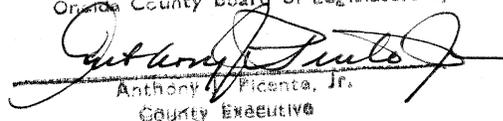

Thank you for your support.

Sincerely,

Dennis S. Davis
Commissioner
