### WAYS & MEANS

Dear County Executive Picente,

Reconstruction of the MVCC Rome Campus includes a new training and maintenance building located north of the new Plumley Building Additions. This is a stand-alone structure requiring new utility connections.

National Grid requires permanent easements for utility connections. A proposed easement is enclosed. Timing is critical. National Grid will not install utilities without an easement and work cannot progress without utilities.

If acceptable, please forward the enclosed easement to the Oneida County Board of Legislators for consideration on November 12, 2015.

Thank you for your continued support.

Sincerely,

Dennis S. Davis  
Commissioner
