Re: Additional Public Hearing
Phase 5B – SCPS Upgrades and New Forcemain Upgrades
Phase 6C – WPCP Solids Handling Upgrades (Digesters) Construction
CWSRF No. C6-6070-08-04

Dear County Executive Picente:

A bonding resolution was passed on January 14th, 2015 to fund the projects listed above. Bonding was secured through New York State Environmental Facilities Corporation (EFC). EFC is preparing to go to the market to secure the funds authorized by the original bonding resolution. EFC has requested that before funds are secured for the project, the project description in the original bonding resolution be modified to reflect a broader scope of work. This will allow cash flow from EFC funds to be optimized for this project and future projects that will be bonded for.

Article 5-A, Section 268 of the County Law requires, among other things, that a public hearing be held by the Board of Legislators to consider the improvements that will be made by the projects in question. This public hearing is required before the Board of Legislators can consider a bonding resolution for the project. Since the description of the project in the bonding resolution is being altered, a new public hearing must be held and a revised map and plan must be prepared and filed with the Board of Legislators. The Board of Legislators must pass the attached resolution establishing the public hearing to continue the process of altering the description of the project in the original bonding resolution.

This is not a request to borrow any more money. The authorized amount of bonding in the original bonding resolution remains unchanged. This is only a request to modify the project description in a bonding resolution previously authorized by the Board of Legislators.

As the authorized amount of the bonding remains unchanged, the estimated annual cost of the project to a typical property owner is still \$115 for a single family home and \$173 for a two family home. Again, this remains unchanged from the initial bonding resolution.

I would appreciate consideration of this request by you and Board of Legislators so that the legislation could be acted upon during the February 10th meeting. This would allow the public hearing to be held prior to the Board meeting on March 10th and the modified bonding resolution to be acted upon on March 10th as well.

The Honorable Anthony J. Picente, Jr.

I am available to meet with you or the Board at your convenience to discuss this request and explain the project in more detail. Thank you for your consideration in this matter.

Re: Oneida City School District

WAYS & MEANS

Dear Mr. Picente:

Attached is proposed revenue sharing agreement with the Oneida City School District, which the district has accepted.

As you will recall, the county previously entered into agreements with VVS and several other municipalities to share gaming funds received pursuant to the Oneida Settlement Agreement. Unlike those agreements, which are based on the population of the municipality receiving funds, the school districts located mostly outside of Oneida County including Oneida will receive funds based on the amount they were receiving from Oneida County prior to the settlement.

Since the Oneida District received \$83,383.37 for the 2013-2014 school year, it will receive that amount for the 2014-2015 year and the 2015-2016 year. For future years, the payment amount will be adjusted in proportion to the amount the county receives in total revenue sharing funds for a 12 month period ending three months prior to the start of the school's budget year, to the amount the county received April 2014 through March 2015.

If this agreement meets with your approval, please forward it to the Board for its consideration.

Very Truly Yours,

Harris J. Samuels

WAYS & MEANS

Dear County Executive:

On November 12, 2015 the Oneida County Board of Legislators approved resolution #314 which established capital project #534. This capital project will construct a new Deicing Facility at Griffiss International Airport. This capital project also mentioned the three funding streams, FAA Grant, State Funding and Oneida County Funding.

This legislation is necessary to establish Oneida County's share of the approved project. Fortunately, there are some anticipated surpluses in various Griffiss International accounts for the 2015 budget year which will help fund the County's share of this extremely important project.

I therefore request your Board approval for the following 2015 fund transfer:

TO:		
AA# A9950.9	Budget – Transfer to Other Funds	\$9,300.
FROM:		
AA# A5620.456	Department of Aviation / Gasoline & Oil	\$9,300.

Date 1/19/16

Dear County Executive Picente:

I am requesting the Board of Legislators consideration and approval of an increase in the expenses necessary to collect the mortgage tax receipts. This is based on Section 262 of the Tax Law. As provided in Tax Law Section 262, the requested reimbursement must be approved by the Tax Commission and accompanied by a resolution approved and passed by the Board before April 1, 2016. This process was developed to make yearly increases based on the rate of inflation rather than make larger increases at longer intervals. The expenses the Clerk's Office incurs went up this year and the current rate does not adequately reimburse the Clerk's Office for the cost of collecting this tax.

The Clerk's Office is requesting that we be allowed to charge the State of New York the actual cost of annually collecting the mortgage tax proceeds. We are requesting that the current charge be raised based on the yearly cost incurred by the County to \$446,634. As stated above, this increase requires Board action and must be to the STATE OF NEW YORK BY APRIL 1, 2016 in order to take effect.

Respectfully,

Re: Rome Safe Schools/Healthy Students Project

Dear Mr. Picente:

Enclosed is an Agreement between the Probation Department and the Rome City School District wherein the school district reimburses the County for 50% of salaries, fringe benefits, and travel expenses for two full-time Probation Officers.

These Officers provide Initial Response Team services and other supportive efforts in the school buildings. This successful partnership is designed to identify students with attendance and behavior problems, work with them and their families, and coordinate service delivery. In turn, many students are deferred from more formal PINS and JD services.

I strongly feel this mutually beneficial program is a cost effective, preventive, and well-received effort worthy of continuing. Please forward to the Board of Legislators for their approval.

The Board and Your support of our programming continue to be most appreciated.

Very truly yours,
