Budget on file

Mr. Mikale Billard
Clerk
Oneida County Board of Legislators
800 Park Ave.
Utica, NY 13501

Dear Mr. Billard:

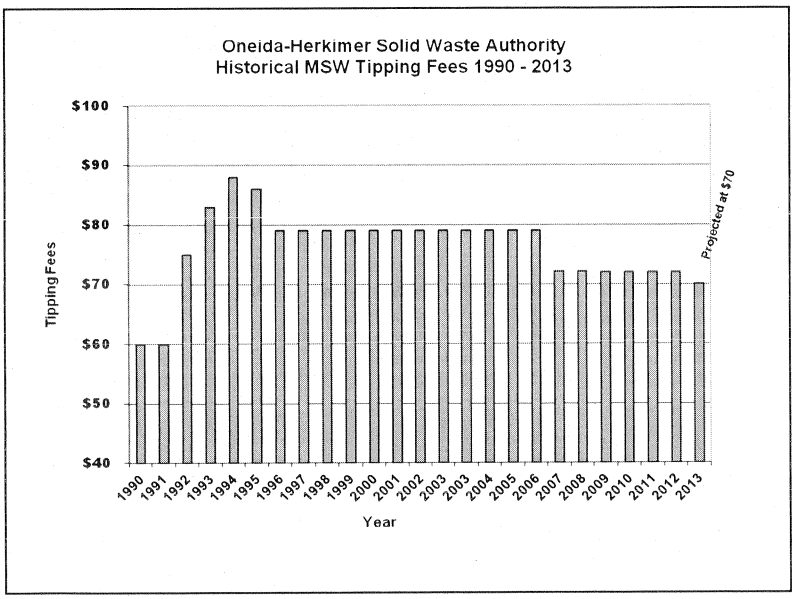
Please find enclosed for your information and file a copy of the proposed 2013 budget for the Oneida-Herkimer Solid Waste Management Authority. This is being forwarded to you pursuant to Article IX, Section 9.2 of the Authority Bylaws and the Public Authorities Accountability Act of 2005. Highlights of the Authority's proposed budget and rates for 2013 include:

- Authority budget has been reduced for the fourth consecutive year.
- **Solid Waste Tipping fees reduced for 2013:**

	2012 Rates	Proposed 2013 Rates
Municipal Solid Waste (MSW)	**$72.15/ton**	**$70.00/ton**
Sludge	**$72.15/ton**	**$70.00/ton**
Direct Haul Asbestos	**$120.00/ton**	**$100.00/ton**

All other rates remain the same.

- The proposed 2013 tipping fees remain lower than tipping fees in 1992.



RECEIVED
OCT 29 2012

2

- Oneida-Herkimer recyclables will be accepted at no charge for the 22nd consecutive year.

- The Authority receives no funding from the Counties. 2013 will mark the 25th consecutive year of a financially self-sufficient and stable operation.

- The proposed budget includes revenue from the opening of a gas to energy facility at the Regional Landfill.

- 2013 will mark the 2nd year of operation of the Authority's new single stream Recycling Center in Utica. The new single stream program has increased participation, reduced waste and recovered more material for sale to markets. **Marketed recyclables have increased by 10%. It has also allowed for more efficient collection of recyclables by municipalities and haulers, which means stabilized or lower collection costs. Recent bids by the City of Utica and Village of Ilion have seen over a 6% reduction in collection expenses.**

- In 2013, landfill reserve accounts (established in 2006) will be continued to insure there will not need to be additional future borrowing for the landfill. These reserves cover future cell expansion, equipment replacement, cell capping/closure, and post-closure monitoring.

- The Authority manages the waste and recyclables collection systems for the City of Utica and the Villages of Ilion, Frankfort, Mohawk, Herkimer and Dolgeville. The Authority currently maintains a separate accounting system for each municipality.

An overview of the proposed 2013 budget is being presented at the November 19, 2012 Board meeting. A public hearing and action by the Board is anticipated for the December 17, 2012 meeting.

Please feel free to contact me if you have any questions.

Sincerely,

William A. Rabbia

Re: Federal Transit Operating Assistance Agreement

Dear County Executive Picente:

For many years Oneida County has been receiving federal funds to support transportation services in the rural areas. Section 5311 of Title 49, United States Code, provides federal financial assistance for public transportation in rural and small urban areas by way of a formula grant program to be administered by the State. NYS DOT initiated signing of the new six year agreement with Oneida County to insure continuation of this federal program.

The enclosed agreement, effective 01/01/13 – 12/31/18, will enable future payments through the 2018 contract year with program compliance. Provided that such Federal Operating Assistance is made available by the Federal Transit Administration, this continuing agreement will ensure the receipt by the County of Federal Operating Assistance payments for annual project applications.

Oneida County is the sponsor of the rural transportation services in the County provided by Birnie Bus Tours. This amount will be matched with funds from Federal Operating Assistance and Birnie Bus Tours own funds, to cover operating expenses. There are no Oneida County funds involved in the Section 5311 Operating Assistance Agreement.

The Federal Transit Administration provides funds to cover up to 50 percent of the operating deficits for public transportation systems providing scheduled mass transit services in the non-urbanized and rural areas of the country. The federal funds are distributed on a bi-annual basis through the Section 5311 Urbanized Areas Formula program which is administered by the New York State Department of Transportation.

I request that you recommend to the Oneida County Board of Legislators for its consideration and approval the attached resolution authorizing you, as the Oneida County Executive, to sign the agreement.

If you have any question regarding this agreement, Dana Crisino and I would be pleased to discuss this matter with you at your convenience.

Sincerely,

John R. Kent, Jr.

Re: Abstractor License Agreements

Dear County Executive Picente:

The current license agreements for the abstract companies in the County Clerk's office will expire soon. The Clerk has requested that the licenses be renewed for another year, with an automatic renewal of an additional year, as has previously been done, on the same terms as now exist.

In keeping with past practice, we have proposed a model license agreement for the Board's consideration. Please seek Board approval of this model agreement, and we will then enter into individual agreements with the various companies based on the terms therein. Thank you.

Subject: Information Systems Assessment Contract Recommendation – Integrated Strategic Systems, Inc. (Issys)

Dear Mr. Picente:

Oneida County recently conducted a competitive acquisition for Information Technology (IT) and Network Engineering Services. A 3-year contract for these services was awarded to Integrated Strategic Systems, Inc. (Issys) in July 2012. Through this contract, Issys is currently supporting Central Services in maintaining the County Network.

For many years preceding the award of the contract to Issys, Oneida County received IT support and network engineering services almost exclusively from a different vendor via a New York State contract. That vendor did a good job for the county in designing the network, setting up servers, installing switches and helping to keep email and internet available for users. Unfortunately, documentation was never developed as our network was built out over time and virtually no reference materials are available now to help us maintain current systems. We presently have no documentation of the configurations or setup of our more than 35 servers, 2 Storage Area Networks (SANs), the county firewall, core switch, or the numerous switches and routers that direct electronic traffic throughout the county. There is also currently no documentation of the Sprint Microwave connection that links the County Office Building to Oriskany or of the internet connections we have with Northland Communications and Time Warner Cable. The near complete lack of documentation makes it very challenging for Central Services to trouble-shoot issues when they occur, to develop viable solutions or to plan for upgrades and improvements to the network.

In order to correct the issues we face due to the lack of documentation, I recommend that we undertake a special project with Issys to investigate, document, assess and make recommendations for improvements to the Oneida County Network. Under the project, Issys will first address critical areas of concern over data backups, servers and switches and identify any choke points that exist in our network. Documentation of our network will be written and delivered to Central Services along with an Assessment Report containing a list of recommendations in priority order based on perceived urgency. This Assessment Report will become a valuable tool for planning and prioritizing the infrastructure upgrades required to simultaneously maintain security and deliver high-quality network availability to our users.

The Issys Information Systems Assessment Project Plan is included in the recommended contract attached for your consideration. Please note that Issys has provided a range of hours

13

anticipated to complete each task outlined in their plan. They provided a range of hours because it's difficult to anticipate precisely how many hours tasks will take to complete. Therefore, based on their many years of IT experience, they chose to provide a range consisting of a low-end and high-end estimate of hours for each task. Under the competitively awarded support contract in place with Issys an hourly rate of $78 for their services has been established. So, based on the range of total number of hours outlined in the Project Plan, the cost of this project will be between $108,771 and $130,475. I therefore recommend an award of $130,475 and to encumber funds at that level. Then, if the project comes in lower at the end of the contract, Oneida County will unencumber any excess funds and make them available for other Countywide Computerization Capital Projects.

I respectfully request approval of the attached contract for an Information Systems Assessment Project with Issys.

Respectfully submitted,

Anne B. Hartman
Director, Central Services

RE: 2012 M Fund Transfers

Dear County Executive Picente,

There is a need for additional funds in the Road Machinery Fund for Automotive Supplies, Other Materials/Supplies and Other Expenses as we are doing more repairs in house in lieu of contracting to the private sector. This has allowed the department to stretch the limited funding for repairs and has reduced the time frame due to schedule control.

Therefore, I am requesting the following **2012** Transfers:

From:	**M5130.452 Automotive Repairs**	**$ 40,000.00**
To:	**M5130.451 Automotive Supplies**	**$ 40,000.00**
From:	**M5130.456 Gasoline and Oil**	**$ 10,000.00**
To:	**M5130.491 Other Materials/Supplies**	**$ 10, 000.00**
From:	**M 5130.456 Gasoline and Oil**	**$10,000.00**
To:	**M5130.495 Other Expenses**	**$10,000.00**

If you concur with this request, please forward to the Public Works and Ways and Means Committees for approval with presentation to the Board of Legislators at their regular scheduled meeting.

Thank you in advance for your consideration.

Sincerely,

Subject: Acceptance of Donated Server for use by Oneida County Child Advocacy Center

Dear County Executive Picente:

In January 1990, a Child Sexual Abuse Task Force was established in Oneida County and in 1998, that Task Force was renamed the Oneida County Child Advocacy Center (CAC). The CAC handles investigations of child sexual abuse in which the victim is under 17 years of age. The Oneida County CAC initiates approximately 500 investigations each year. Where evidence warrants, criminal arrests are made and or Family Court petitions are filed. The Oneida County Sheriff's Office assumed the position as lead agency for the CAC in 2012.

Oneida County is in the process of upgrading CAC computers and their facility network connection. By the end of October, we anticipate that the CAC will be operating on Windows 7 PCs and have a standard MPLS connection to the county network in place.

CAC maintains a database of information related to their investigations on a server located within their York Street facility. The server is old and also needs to be updated. In order to save Oneida County the $6,000 to $8,000 cost of a new server, Integrated Strategic Systems, Inc. (Issys) has offered to donate a refurbished used server to replace the one currently in use at the CAC. Issys is the new Oneida County IT and Network Engineering Services contractor and is supporting the county on the CAC upgrade. The value of the server Issys has offered to donate $2,200. Additional descriptive details for this server are:

Manufacturer/Model:	HP DL380
Description:	Quad Core 2.8 GHz processor, qty 5 146 GB Hard drives, Redundant Power Supplies, DVD player, 8 GB RAM
Serial Number:	use934n112

If you and the Board of Legislators agree to accept this donation from Issys, the server will become the property of Oneida County and it will be added to our inventory. An asset tag will be generated and the server will be tracked accordingly by Audit & Control.

I request your acceptance of this generous donation on behalf of the Oneida County Sheriff's Office and the Child Advocacy Center.

Respectfully submitted,

Robert M. Maciol
Sheriff

Dear County Executive Picente & Commissioner Talerico:

As you know, Deputy Michael Burger was shot on July 29th, 2010 while pursuing a fleeing bank robber and as a result, is permanently disabled by the injury. Deputy Burger has been a member of the Sheriff's Office who served with distinction and dedication since 2003.

RE: Oneida-Herkimer-Madison BOCES
Safe Schools/Healthy Students Programs

Dear Mr. Picente:

Enclosed is an Agreement for Services Addendum that involves our five year BOCES Contract. Federal funding for this program is scheduled to expire on June 30, 2013. This Contract pays 100% salaries, fringes, and travel for three Probation Officers and one Probation Assistant.

Currently, just the Assistant position is Contingent on this grant as we have absorbed the work and reassignment of personnel to maximize revenue. However, per our previous discussions, we will be seeking to add a Temporary Probation Officer in January for the duration of the grant.

We have been working diligently on a sustainability plan with our BOCES partners. This collaborative venture has had a positive impact on school safety, students' behavior/achievement, and reduced the reliance on the Juvenile Justice System. We are quite proud of this innovative, preventive, and cost effective approach.

Please forward this on to the Board for their consideration. Your support for all of our programming continues to be most appreciated.

Very truly yours,

Contract Summary

Name of Proposing Organization: Oneida County Probation Department

Title of Activity or Service: Oneida Madison BOCES Safe Schools (IRT)

Proposed Dates of Operation: 9/7/10 to 06/30/2013

Client Population/Number to be served: 200 juveniles between the ages of 12 and 18

Narrative Description of Proposed Services: Provides school based probation services to designated Oneida County Schools in Oneida-Madison BOCES District to reduce PINS and Juvenile Delinquency actions in the Probation Department and Family Court. Backbone of project is the IRT (Initial Response Team) approach of identifying at risk youth early and providing school based and community preventive services, overseen by the Probation Department.

1) Program/Service Objectives and Outcomes: Reduce formal Family Court PINS filings. The Rome IRT project reduced filings from (60) in 2005-06 to (13) in 2006-07 and (9) in 2007-08 and (7) in 2008-09 which significantly reduced the incidence of costly residential placement at over $100,000.00 p/youth p/yr.

   The BOCES project targets schools such as Remsen, Holland Patent, Whitesboro, Westmoreland, Sauquoit, and Alternative Education at BOCES etc. that on their own could not support an IRT process.

2) Program Design and Staffing: Program employs (4) Probation Officers who will be assigned to (Mobil) IRT teams to cover the designated schools on a needs be basis based on numbers of PINS cases at each.

3) Total Funding Requested: (NONE) Account #: 3140

   Federally funding @ 100% of program cost for (3) years. Fifth year $293,847

Funding Recommendation: Oneida County does not have to supply any additional funding. Reimbursement from the school is used to offset the total cost of 3140 Office of Probation positions.

Cost Per Client Served: Based on an estimate of (200) clients served the reimbursement will be approximately $432.00 p/client paid in full by the school district

Past Performance Data: based on the Rome model we anticipate at minimum an 85% reduction in new cases presented for formal PINS services by the county.

O.C. Department Staff Comments: Probation Department highly recommends approving the Probation Department's partnership with Utica Schools as a cost effective method of reducing incidents of PINS and JD behavior and in reducing county cost of formal programming and residential placement.
