

Civil Division: Oneida County Government
Jurisdictional Class: Competitive
EEO Category: Service-Maintenance
Revised: 07/10/13

SUPERINTENDENT OF AIRPORT MAINTENANCE

DISTINGUISHING FEATURES OF THE CLASS: This position exists at the Griffiss International Airport. The incumbent in this class assists the Commissioner of Aviation in managing and supervising personnel and resources to ensure the safe and efficient operation of the Airport. The incumbent plans, schedules and supervises Airport Maintenance Workers, and maintenance service contractors, in performing the maintenance of the airport's facilities and infrastructure. This position requires special knowledge and expertise in airport maintenance and operations. The incumbent is responsible for the safe and efficient operation of the airport on a 24-hour, 7-day week basis. The work is performed under the general direction of the Commissioner of Aviation. Supervision is exercised over subordinate personnel. The incumbent performs related work as required.

TYPICAL WORK ACTIVITIES: (Illustrative Only)

Performs the same variety of semi-skilled and skilled tasks related to airfield operations, and facilities and ground maintenance;

Participates in Airport Rescue – Firefighting (ARFF) and Firefighter 2 duties including the operation of ARFF vehicles, fighting aircraft fires, and rendering emergency first aid treatment;

Conducts airport field condition and safety inspections, and issues reports and Notices to Airmen (NOTAM)s to the Air Traffic Control Tower (ATCT), airport tenants, and the Federal Aviation Administration (FAA);

Operates a variety of heavy equipment and vehicles including, but not limited to, ARFF vehicles, snowplows, snow blowers, pavement vacuums and sweepers, dump trucks, sanding trucks, and loaders;

Controls vegetation and wildlife;

Controls maintenance of airport infrastructure, such as pavements, storm water drainage structures, and buildings and hangars;

Operates a variety of heavy equipment used in maintaining runways, taxiways, aircraft parking areas, surrounding grounds, and firefighting vehicles and equipment;

Follows closely prescribed federal, state and local laws, rules and regulations;

Sweeps, cleans and removes snow and ice and other obstructions and Foreign Object Debris (FOD) from runways, taxiways, aprons, lights, signage, instrumentation, parking areas, internal roads, parking areas and grounds;

Maintains, repairs and cleans perimeters, internal roads, runways, taxiways, drainage systems, and mechanical systems;

Performs semi-skilled grounds maintenance tasks including, but not limited to, mowing grass, grading earth, patching pavements, and installing signs;

Patrols airport property and performs security checks;

Performs routine servicing and maintenance on motor vehicles and equipment;

Operates radios and maintains contact with the ATCT;

Attends training programs and classes.
