PUBLIC CONTRACT

The following section is an excerpt from the General Municipal Law:

§103-d Statement of non-collusion in bids and proposals to political subdivision of the state.

1. Every bid or proposal hereafter made to a political subdivision of the state or any public department, agency or official thereof where competitive bidding is required by statute, rule, regulation or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: Non-collusive bidding certification.

“(a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:

- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
- (2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- (3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.”

(a-1) Notwithstanding the foregoing, the statement of non-collusion may be submitted electronically in accordance with the provisions of subdivision one of section one hundred three of the general municipal law.

(b) A bid shall not be considered for award nor shall any award be made where (a)(1)(2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefor. Where (a)(1)(2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof, to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) has published price list, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (a).

2. Any bid hereafter made to any political subdivision of the state or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation, or local law, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

SCOPE OF SERVICES

1. INTRODUCTION

The County of Oneida is seeking a timber harvesting company to harvest red pine on a wooded parcel of roughly 190 acres. The parcel number is 105.000-1-1 and is located in Remsen, NY along Roberts Rd & Muthig Rd (see Map #1 for further details on the location). The forest plot is dominated by red pine (*Pinus resinosa*), which, for the most part, is a result of plantings of red pine decades ago. Most of these red pine average a 16 inch diameter at breast height, and a total height of 60ft. However, there is variability throughout the property in not only the size of the red pine, but also its abundance. This RFP is for the harvest of red pine only, as all other species, regardless of maturity, are to be left standing and undamaged for the purpose of regeneration and sheltering of the future timber on the plot.

2. SCOPE OF WORK

- A. A successful proposer will be responsible for all phases of timber harvesting to include cutting, skidding, loading, hauling, and the sale of all merchantable red pine trees. The proposer shall provide a detailed description of how each task previously mentioned will be executed, and all such services available by the proposer should be clearly delineated in the proposal.
- B. Oneida County prefers that the work be conducted between January 1 and March 31, but will consider other time frames with justification.
- C. The proposer shall use existing haul roads, skid roads, skid spurs/trails, and log landings that are in place as a result of logging activities in the past. Any new roads or landings will need to be justified and approved by the County before such measures are taken. That new road justification shall be delineated on a map (aerial image overlay is acceptable), that is to scale, for any new roads planned for timber extraction.
- D. The remediation of all damaged haul roads, skid roads, skid spurs/trails, and log landings will be the responsibility of the proposer. This remediation shall include a site wide post-timbering grade leveling operation using a bulldozer or similar equipment. The intent of this activity is to smooth out any rutting creating during the timbering process.
- E. The removal of tops and/or slash, and the felling and removal of any and all damaged remaining trees, will be the responsibility of the proposer.
- F. The adherence to best management practices for operation during or after inclement weather is to be upheld at all times throughout the course of work performed. Specific management practices shall be clearly stated/listed in the proposal and will be heavily considered when selecting the winning proposal.

- G. **PLEASE NOTE:** All proposers should be aware that Oneida County intends to regularly visit and inspect the work location, and full access to the County's inspectors will be a contractual requirement under this RFP. Furthermore, Oneida County reserves the right to order a stoppage of all work if it's inspectors so determine. This work stoppage requirement shall also be included in any contract issued pursuant to this RFP.
