

# Oneida County Bar Association

Presents

## **DIGITAL FORENSICS FOR ATTORNEYS**

Saturday, May 6, 2017  
Mohawk Valley Community College  
IT 225  
9 a.m. - 12:00 p.m.

**Speaker: Lars Daniel, Principal Consultant  
Guardian Digital Forensics, Raleigh, NC**

*Lars is the co-author of the book "Digital Forensics for Legal Professionals: Understanding Digital Evidence from the Warrant to the Courtroom." Lars has attended over 250 hours of forensic training and has worked on over 500 cases involving murder, child pornography, terrorism, rape, kidnapping, intellectual property, fraud, wrongful death, employee wrongdoing and large scale e-discovery collections, among other case types.*

The presentation will provide an overview of digital forensic concepts, case examples and terminology including basic information on the procedures used by forensic investigators and the proper methods for seizure and search of electronic evidence. Mr. Daniels will also discuss the capabilities of computer forensics data recovery in the areas of email, internet history, documents and pictures including document metadata and he will explore a number of topics vital to our understanding of digital forensics.

What is a forensic copy of a hard drive?

What kind of information can be recovered?

How do I know the evidence was properly obtained and preserved?

What is a computer forensics expert and what should the attorney expect from one?

**This program is included in the Oneida County Bar Association SemPass Program.  
For non-SemPass holders who are public defenders or assigned counsel  
panel members, the cost per program is \$25.**
