WHY YOU SHOULD ATTEND

Our wastewater collection and treatment infrastructure:

- Plays a critical role towards the protection of **public health** and the **environment**
- Represents a **huge capital investment** in your community
- Depends on your input and oversight to address the **regulatory** and **financial challenges** ahead

These seminars provide an overview for local representatives on their administrative, financial and associated responsibilities.

SESSION CONTENT:

- **Ten steps** to protect and maintain the wastewater infrastructure
- **More tips** for protecting and investing in your huge capital investment
- **Funding sources** – Where is the money and what is the impact of the Stimulus Bill on funding here in New York? Staff from NYSEFC, USDA, and NYSERDA will answer your questions
