TRAINING BULLETIN

Tactical Fireground Simulations

This course provides students the ability to practice initial command functions on a fire emergency scene utilizing real time computer based scenarios. It is not intended to teach command functions, but rather reinforce previously learned theories while giving students the opportunity to practice in the command role. Through a series of computer simulations, students will serve as both company officer and initial incident commander.

Location: SPTC - 200 Base Rd., Oriskany, NY

Dates: October 24 (evening) & 26 (all day)

All evening classes begin at 6:30 P.M.

Pre-registration is required.
