At this point, due to the impact of COVID-19, it is uncertain whether Oneida County will be able to operate a Summer Youth Employment Program in the summer of 2020. This form will serve as the pre-application that will allow the Office of Workforce Development to begin the process of determining eligibility for the program. It does not ensure a position in the program. Eligibility includes meeting income guidelines, and requires documentaion of income. After this pre-application is received, and if a program will be operated, staff will contact the applicant by phone or email to continue the application process. A copy of the form used for formal application is on the Workforce Development page at www.ocgov.net
