**Re: Oneida County Sewer District – Water Pollution Control Plant and Sauquoit Creek Pump Station Evaluation  
Consent Order R6-20060823-67, Schedule A, Item A.4., Item A.5.**

Dear Mr. Devan:

The Department has conducted its review of the submittal entitled *Water Pollution Control Plant and Sauquoit Creek Pump Station Evaluation* (Report) dated August 27, 2012. The document was submitted to satisfy the requirements of Consent Order (Order) R6-20060823-67, Schedule A, Item A.4. and Item A.5. – Sauquoit Creek Pump Station (SCPS) Evaluation Report and Water Pollution Control Plant (WPCP) Evaluation Report.

Upon the County's receipt of the Department's October 23, 2012 correspondence requesting additional information, a technical meeting was held on November 8, 2012, and an extension request was granted for the response deadline. Subsequently, Oneida County submitted Addendum No. 1 to the Report on November 16, 2012 as a response to the Department's comments.

Please consider this correspondence the Department's formal approval of *Water Pollution Control Plant and Sauquoit Creek Pump Station Evaluation* dated August 2012 and *Addendum No. 1 to Water Pollution Control Plant and Sauquoit Creek Pump Station Evaluation* dated November 2012.

As always, please feel free to contact me at (315) 785-2513 with any questions or concerns as this substantial mitigation work progresses.

Sincerely,

Matthew W. Duffany, P.E.  
Environmental Engineer
